

Help Loved Ones Manage Their Medication

- Manage everything from your phone
- Arrange and track free home delivery
- Text, chat, call or email questions on their behalf
- View their medication history – You are always up to date

Watch How It Works

How Does it Work?

- 1) You join PocketPills
- 2) Your loved one also joins PocketPills and gives their consent for your access
- 3) You can then toggle between your profile and theirs
